## PETITION FOR WITHDRAWAL OF HOLDING OF ABANDONMENT Pursuant to 37 CFR 1.181

To the Commissioner for Patents:

Applicant received a Notice of Abandonment dated September 20, 2006 noting that the above-referenced application became abandoned for failure to timely pay the required issue fee and publication fee with in the statutory period of three months from the mailing date of the Notice of Allowance. However, Applicant never received the Notice of Allowance. Thus, Applicant hereby petitions the Commissioner to withdraw the holding of abandonment of the current application and return this application to examination.

Applicant has reviewed the information for the current application in the USPTO's Patent Application Information Retrieval (PAIR) system and found that the Notice of Allowance was

issued on May 18, 2006 with a due date of August 18, 2006 for payment of the issue fee. In support of this petition, Applicant is enclosing herewith a print-out of its docket records for its file for the current application. As can be seen from this print-out there was no docketing of any action mailed on May 18, 2006 or any action with a due date of August 18, 2006 for reply.

Applicant is also enclosing a print-outs of the docket record for its attorneys from August 8, 2006 to August 28, 2006 (the period ten days prior to the due date for payment of the issue fee to ten days after the due date for payment of the issue fee). The absence of any docketing records for the Notice of Allowance would indicate that the Notice of Allowance was not received by the Applicant.

Applicant is also enclosing a copy of the cover of its file jacket for this application, which reflects the docketing for this application. Had the Notice of Allowance dated May 18, 2006 been received by the Applicant, the docketing records on the Applicant's file jacket would reflect docketing for a response due three months from the mailing date of the Notice of Allowance (namely, August 18, 2006). As can be seen, no such docketing was done for this application.

Also enclosed herewith is a statement by Applicant's undersigned attorney in support of the current petition.

In view of the foregoing, it is respectfully requested that the current application be reinstated and a new Notice of Allowance issued.

It is believed that no fee is due with this petition. However, if any fees are due with this paper, the Commissioner is hereby authorized to charge such fees to Deposit Account No. 50-1290.

٠,

Please direct any inquiries regarding this petition to the Applicant's undersigned attorney, who may be reached directly by telephone at (212)940-8712.

Respectfully submitted,

Linda S. Chan
